The Texas Department of Criminal Justice (TDCJ) operates the state's system of facilities for the confinement of adult felony offenders.

The mission of the TDCJ is to provide public safety, promote positive change in offender behavior, reintegrate offenders into society and assist victims of crime.

This information guide is intended to provide the public with a brief description of principal program areas.

The agency encourages offenders to participate in activities and programs to facilitate rehabilitation and reentry. TDCJ looks forward to friends and family members also providing support for their loved-ones.

INTAKE

Upon admission to a designated TDCJ intake center, offenders are photographed and fingerprinted as part of the identification process. Physical, dental and eye examinations are conducted. Various tests are administered to detect medical or mental health problems and to determine educational and intelligence levels. Interviews with offenders gather information relevant to family structure, criminal and social behavior, drug and alcohol involvement, military and institutional experience, as well as education and employment history.

The results of the tests and interviews are the basis for classification decisions that determine the unit of assignment, the level of security supervision, housing and job assignments and time-earning category. Recommendations concerning treatment for identified special needs may also develop from the intake process.

More information about custody designations and time-earning status is available in the *Offender Orientation Handbook* located on the agency web site at www.tdcj.state.tx.us.

MAIL

The families and friends of offenders are encouraged to write often. Letters sent to offenders should include the **offender's name**, **TDCJ number** and **unit** address on the envelope. All mail addressed to offenders must be received through authorized channels. Letters for different offenders should not be included in the same envelope. Offenders are not allowed to correspond with other offenders without meeting specific criteria stated in Board Policy 03.91 - Uniform Offender Correspondence Rules (Section I.B.1).

Mail is forwarded to offenders who transfer from one unit to another within TDCJ. Letters will be forwarded to offenders who are released from prison, if the offender provides a forwarding address at his last unit of assignment.

Offenders may not write to minors whose parents disapprove, with the exception of an offender's own children or stepchildren (unless the child or stepchild is the offender's victim).

Unauthorized materials or contraband found in mail addressed to offenders will be rejected. Individuals who carry out serious violations of the correspondence rules may not be allowed to write to an offender.

Newspapers, magazines and books may be mailed directly to offenders *only* by the publisher, publication supplier or bookstore; subject to review and rejection in accordance with the correspondence rules. Offenders may receive reference books and other educational materials from volunteer organizations that operate the following types of programs: literacy and education, life skills, job skills, drug and alcohol rehabilitation, support groups, arts and crafts and any other programs designed to aid offenders in the transition between confinement and society.

Stationery (defined as white, undecorated paper, not to exceed the size of 8½" x 11", or unstamped white envelopes, including carbon paper and white envelopes with the offender's commitment name and TDCJ number preprinted in the return address portion of the envelope, but excluding any paper with names, addresses or letterhead and excluding tablets or writing pads with stapled binding) may be mailed to offenders only from legitimate vendors or suppliers of stationery. Items such as food, clothing, jewelry and toiletries may not be mailed to offenders. Individuals may not mail packages to offenders.

Additional information is available on the agency web site at www.tdcj.state.tx.us.

E-MESSAGING

Offenders can now receive incoming eMessages. To register, please contact JPAY at 1-866-333-5729 or www.jpay.com on the web.

Only incoming mail is available. The offender is not allowed to return the e-mail. Friends and family members must purchase electronic stamps on-line from www.jpay.com (the price of a US postage stamp). The message to the offender is completed on-line and sent to the JPAY facility interface. TDCJ unit mailroom staff download and review incoming messages, and upon approval, the messages are printed and delivered to the offender.

OFFENDER TELEPHONE SYSTEM

The Offender Telephone System (OTS) allows eligible offenders to make telephone calls to individuals listed on the offender's visitor list. Offenders with major disciplinary problems, gang affiliations or on death row do not have access to the pay telephone system.

Before you can receive calls from a TDCJ offender, you must first register your telephone number. To register, contact the telephone vendor at 1-866-806-7804 or through the vendor's website at <http://texasprisonphone.com>.

To register you will be required to confirm that you are the registered owner of the telephone number, are not registering a wireless number and will not forward or make three (3)-way calls received from the offender. You must also be at least 18 years old and agree to allow the offender to call.

The following rules apply to the OTS:

- ◆ Calls are limited in length and total minutes per month.
- ◆ All calls, except to the Attorney of Record, are recorded and subject to monitoring.

- ◆ Calls may only be made to landline telephone numbers; no calls are allowed to cell or Internet telephone service or international numbers.
- ◆ To receive calls, the telephone number owner must be listed on the offender's visitor list; the visitor list name must match the name on the registrant's driver's license or state identification card and the telephone bill listing.

For more information, including complaints, pertaining to the e-Messaging Service or the Offender Telephone System, please contact the following, in writing:

TDCJ - Information Technology Division
Offender Telephone System Contract Manager
P.O. Box 4016
Huntsville, TX 77342-4016
Email: offenderphones@tdcj.state.tx.us

Offenders who are not eligible for the OTS due to custody level shall be authorized access to state-owned telephones designated by the warden, if the offenders have not been found guilty of any major disciplinary violations within the last 90 days (30 days for state jail offenders) and are engaged in full-time work, school or treatment programs. Offenders whose medical condition precludes work and who meet all other requirements shall be eligible to participate. To request a telephone call, offenders shall submit an I-60, "Inmate Request to an Official" form for approval by the warden.

VISITATION

Visitation plays an important role in maintaining the association between offenders and their families and friends. However, offenders are not assigned to specific TDCJ units for the convenience of visitation. Copies of the I-218, *Offender Rules and Regulations for Visitation* Booklet are to be prominently displayed in areas accessible to visitors.

- ◆ *Visitation Hours:* Visits are normally conducted on Saturdays and Sundays between 8:00 a.m. and 5:00 p.m. The names of all visitors, 18 years old and older (except the offender's attorney), must be on the approved Visitors' List, which is limited to ten individuals.

- ◆ *Visits Requiring Advance Scheduling:* Visits may occur on agency-closed holidays (except Christmas Day) that fall on Mondays or Fridays, if scheduled in advance. Arrangements to schedule these visits may not be made on any state holiday. All arrangements to schedule visits must be made through the Warden's office between 8:00 a.m. and 5:00 p.m. at least one day, but not more than seven days, prior to the visit. Visitors arriving late (i.e., more than 15 minutes past the beginning scheduled visit time) may not be allowed to visit during any of the scheduled time. Unit administration shall make every effort to accommodate late arrivals, if time and space is available.

- ◆ *Number of Visitors:* All offenders, except those in the intake process, solitary confinement, G5, lockdown status or administrative segregation, are allowed one visit every weekend, normally two adults for two hours. Children under the age of 18 are not counted in this number, and must be accompanied by an approved adult visitor (18 years or older). The number of children allowed per visit will be based on the amount of space available for visitation and on the visitor's ability to manage and control the children. Additional adult visitors may be allowed at the Warden's discretion if special circumstances arise and space permits.

- ◆ *Visitor Identification:* For visitors 18 years of age and older, a pictured and signed identification (ID) of one of the following is required: 1) valid state driver's license; 2) valid state Department of Public Safety (DPS) ID card; 3) valid Armed Forces ID card; 4) passport; or 5) ID card issued by the United States Department of Homeland Security, United States Citizenship and Immigration Services (USCIS) (i.e., Visa Border Crossing ID Card [USA B1/B2 Visa BCC]).

If the visitor's ID is questionable or not acceptable, further verification shall be required (e.g., birth certificate, pictured credit card or other official ID). Children 17 years of age and younger may be required to provide an ID (e.g., birth certificate, DPS ID or student ID) if the child's age is questionable due to physical maturity of the child. Valid student ID shall be used only for children 17 years old and younger.

Identification is required for hardship visitors. "Hardship Visits" allow children, ages 16 and 17, who are on the offender/parent Visitors' List and do not have an adult to accompany them, to visit parents who are incarcerated in the TDCJ (with the Warden's prior approval).

- ◆ *Contact Visits:* Limited physical contact between eligible offenders and their visitors may be allowed if the visitors are immediate family: spouse (ceremonial, proxy or common-law); natural, adopted mother and stepmother; natural, adopted father and stepfather; natural, adopted children, stepchildren, grandchildren and step-grandchildren; natural adopted siblings and stepsiblings; natural, adopted grandparents and step-grandparents; aunt; uncle; and persons related by marriage (in-laws: father, mother, daughter, son, brother, sister, grandchildren and grandparents).

With prior approval from unit administration, non-immediate family members may be allowed contact visits if immediate family members are unable to visit the offender. Due to the nature of their offense, some offenders cannot have contact visits with children. In addition, these same offenders will not be allowed a regular visit with children unless they are the legally recognized parent of that child and the child is not the victim of the offense.

- ◆ *Search of Visitors and Vehicles:* All vehicles and visitors are subject to search upon entering TDCJ property. Visitors shall be screened/searched by a metal detector prior to entering the visitation area.

Small children and infants shall be removed from carriers or strollers. The parent, guardian or accompanying adult shall carry the child through the walk-through metal detector. Under no circumstances shall children and infants be separated from their parent, guardian or accompanying adult. Any visitor refusing a search procedure shall be required to leave TDCJ property.

Cash (except coins), alcoholic beverages, tobacco, cell phones, drugs, firearms, escape implements or dangerous weapons are strictly prohibited by statute and TDCJ rules and policies.

- ◆ *Dress Code:* Visitors must follow the dress code. Shirts and shoes must be worn. Shirts and blouses of fishnet, transparent material, sleeveless or open midriff are not allowed. Male visitors must wear long pants, and female visitors must wear dresses, skirts, Capri pants or long pants. Exceptions for pre-adolescent boys and girls may be made. If a dress, pants, skirt or any attire appears to be inappropriate, the Duty Warden shall be contacted for a decision.

Hats may be worn, but will be searched. Visitors are not permitted to wear all white. Clothing marked by words or pictures considered profane or offensive by current public standards will not be allowed. Cash (except coins), alcoholic beverages, tobacco, cell phones, drugs, firearms, escape implements or dangerous weapons are strictly prohibited by statute and TDCJ rules and policies.

- ◆ *Carry-in Items:* Visitors may bring only specific items into the unit. These items include a small wallet or change purse containing no more than \$25.00 in coins. Only visitors may purchase soft drinks to be consumed by offenders during the visit. Visitors with infants or small children may bring no more than three diapers, a supply of baby wipes and two baby bottles (“sippy” cups for toddlers). These items shall be stored in a clear plastic bag. Visitors are not permitted to bring items of any kind to offenders.
- ◆ *Tobacco Policy:* TDCJ units are tobacco free. Visitors are not permitted to bring cigarettes, cigarette lighters, matches or any tobacco products into TDCJ units.

Visits must be orderly to assure that visitors and offenders are not disturbed. Visitors who cannot control their children will be escorted out of the unit. Children shall not be left unattended.

Ex-offenders, unless immediate family, will not be allowed to visit for a period of 24 months following their release date.

Visitors are not allowed to switch from visiting one offender to another. Visitors are prohibited from loitering, walking the perimeter road or taking photographs. Radios played at a high volume and shouting at offenders will not be allowed.

Visits may be cancelled and future visits may be denied for security reasons or because of improper conduct by the visitor or the offender.

The following checklist may be beneficial:

VISITOR CHECKLIST

- Confirm that the offender is assigned to that unit, has visitation privileges and that you are on the visitation list.
- Bring valid identification (ID).
- If you have made special arrangements with the unit, call prior to leaving to ensure that plans for your visit have been made and are in place.
- Check clothing for compliance with visiting rules and regulations.
- If you are bringing a child and you are not the legal guardian or parent, you **MUST** have the notarized statement from the child's legal guardian or parent with you.
- Before leaving home, check your vehicle for contraband and/or hazardous items. This includes, but is not limited to, implements of escape, drug paraphernalia, illegal narcotics, intoxicants, poisons, any items that pose a danger to others, weapons (knives, scissors, firearms, etc.), and any item used to show a gang affiliation. Remove these items before entering the correctional facility grounds.
- Arrive on the designated day during proper visiting hours.
- Do not have any contraband on you when you enter the facility. Leave purses, food items, diaper bags, briefcases, cameras, baby strollers, toys, dolls, photographs, tobacco, lighters, matches, cell phones, pagers or any other type of electronic/wireless devices in your vehicle. **Be sure to secure your vehicle.**
- Do not leave minor children waiting in the car while you visit, or your visit will be terminated.
- Remember to treat correctional staff with respect.
- Do not bring anything to the visiting room to give to the offender. Offenders are not permitted to take anything from the visiting area.
- Ensure that you have NO paper money on your person. A maximum of \$25 in change is allowed.

TRUST FUND

The Inmate Trust Fund, provides a place of safekeeping for funds an offender may have access to, but not physical control of during their confinement.

Several Trust Fund deposit options are now available and include:

Bring cash to the MoneyGram agent location and fill out the blue form with the following information:

- **Receive Code:** 5203
- **Company Name:** Texas Department of Criminal Justice
- **City:** Huntsville
- **State:** TX
- **Account Number, Offender Name:** Offender ID#, Offender Last Name (01234567, Smith)

Pay the low \$4.95 fee and keep the reference number that confirms your transaction.

Cash and personal checks are not accepted and will be returned to the sender. Single transaction deposits of \$500.00 or more and/or insurance, company, payroll, estate checks, county jail checks and other like disbursements are held 14 days before offender access is authorized. Do not send trust fund deposits to offender's unit of assignment and do not send offender's personal mail or other items to the Inmate Trust Fund.

The Inmate Trust Fund can respond to inquiries concerning the receipt of a deposit, but cannot release information regarding the offender's account or balance to anyone except the offender. Offenders receive monthly statements listing all trust fund account transactions for that period.

The Inmate Trust Fund does not pay interest; therefore, the account should hold no more than what is required to meet the offender's immediate needs. Offenders with funds in excess of their immediate needs are encouraged to open an account with, and transfer excess funds to a banking facility of their choice. Offenders may use funds in their trust fund accounts to make purchases from the unit commissary, or through approved vendors and to send funds to family or friends. An offender's trust fund balance is refunded upon release.

Deposits from one offender to another, processed through an outside person or bank, shall be considered a violation of TDCJ trafficking and trading rules, regardless of whether accepted for deposit or received by the Inmate Trust Fund. Suspected violations shall result in an investigation. Confirmed violations deposits between offenders may result in disciplinary action against any offenders involved in any unauthorized transactions, whether depositors or recipients.

COMMISSARY

No offender is allowed to possess money while in confinement. Offenders are provided meals, certain personal items and clothing. Grocery items, personal hygiene items and other goods may be purchased by offenders from unit commissaries. Payment for commissary items is completed by transferring funds from the offender's trust fund account to the agency's commissary account.

The offender may spend up to \$85.00 on ordinary merchandise every two weeks. However, this amount may be less as determined by the offender's custody status. The spend limit does not apply to special items such as radios, some clothing items, fans or hot pots. These special purchase items are made specifically for an institutional environment. They must be bought directly from the commissary by the offender for the offender's personal use.

HARDSHIP TRANSFERS

A hardship transfer is usually considered when there is a medical condition that impacts the immediate family member's ability to travel to visit the offender. Generally, transfer facility, state jail, intermediate sanction facility, substance abuse, pre-parole and pre-release offenders shall not be eligible for transfer consideration. Requests from the offender family member for an inter-facility transfer should be directed to the appropriate unit Warden or to the Assistant Director for Classification and Records. The Assistant Director for Classification and Records may grant an inter-facility transfer if the following criterion is met. Hardship transfer requests may be submitted to the Assistant Director for Classification and Records at P.O. Box 99, Huntsville, Texas 77342-0099; Attn: Hardship Transfer.

- ◆ Requests must come from an immediate family member. Immediate family is defined as natural or adoptive mother and stepmother; natural or adoptive father and stepfather; natural or adoptive children or stepchildren; natural or adoptive stepsiblings; spouse (common law or ceremonial); grandparents and grandchildren; persons related by marriage; aunt or uncle; or foster parents, the guardian of an offender's minor child, to include parent of the child.

- ◆ Requests made on medical hardship must pertain to a family member and documentation from the attending physician of the family member's inability to travel long distance is required. Such documentation should be on the physician's letterhead and signed by the physician.
- ◆ The offender's currently assigned facility must be greater than 200 miles from the requested area.
- ◆ Prison sentenced offenders should be Line Class I or higher.
- ◆ Offenders who are G4 or a more restrictive custody are ineligible unless the G4 custody is due to a security precaution designator.
- ◆ Prison sentenced offenders should have no major disciplinary convictions for the preceding twelve months.

FAMILY ASSISTANCE

Offenders are encouraged to attempt problem resolution informally with unit administration. If informal resolution is not reached, the offender has the option of using the Offender Grievance Process. If the offender has exhausted all administrative remedies and there still appears to be questions or concerns, friends and family members may contact the unit directly to inquire about the issue.

Staff at TDCJ units are encouraged to handle questions from offenders' families whenever possible. Each unit has a Family Liaison Officer, available during visitation hours, who answers questions and concerns of families and friends of offenders. The process above is recommended initially as the easiest and quickest way to obtain resolution for most issues. If no resolution can be reached through interaction with the unit, individuals may then contact a TDCJ Ombudsman.

The TDCJ Ombudsman Program ensures that TDCJ is responsive to the public, elected officials and other state agencies; helps offenders' families understand TDCJ policies and procedures; and attempts facilitating conflict resolution between TDCJ and the public. Ombudsmen gather information from many sources within TDCJ to provide clear, correct answers.

TDCJ Ombudsmen are the contact points for members of the general public. **These offices do not answer questions from incarcerated offenders.**

HOW TO CONTACT A TDCJ OMBUDSMAN

(Please submit inquiries in writing)

For expediency, it is best to attempt to resolve issues and obtain information at the unit or parole office level. However, if this is not possible, contact one of the following:

 **EDUCATION**

Windham School District (WSD) provides a variety of academic classes, life skills, and career and technology education classes for offenders who are confined in units operated by the Texas Department of Criminal Justice. Offenders are selected for enrollment in WSD programs based on the Individualized Treatment Plan (ITP) process. The ITP outlines programmatic activities and prioritizes participation in recommended programs based on the offender's needs, program availability and projected release date.

The *Literacy Program* provides adult basic education for offenders functioning below the sixth grade level, and secondary level adult education for those who are working toward attainment of a high school equivalency (GED) certificate. Based on individual achievement, students are assigned to beginning (Literacy I), intermediate (Literacy II), or advanced (Literacy III) level classes. Students needing help with basic reading skills may be enrolled in Literacy I-Reading. Literacy teachers use an interdisciplinary approach to promote workplace competencies and learning in real-world contexts. Emphasis is placed on the skills employers demand, such as personal qualities, cultural sensitivity/tolerance, teamwork, decision-making and problem solving.

Special Education services are provided for eligible students with disabilities. An *English as a Second Language (ESL)* program is available for students with limited English proficiency.

The *Career and Technology Education (CTE)* program offers vocational training in approximately 34 occupational areas to prepare offenders for today's workforce.

Additional vocational training opportunities may be available through apprenticeship programs and on-the-job training.

Life skills programs are available to help offenders learn to make better, pro-social decisions. The WSD *Cognitive Intervention* program is available at many units. This program addresses personal accountability and responsibility through instruction and exercises in interpersonal problem solving, anger management, impulse control, overcoming criminal thinking, creating positive attitudes and beliefs and goal setting.

Likewise, a reintegration program, entitled *Changing Habits and Achieving New Goals to Empower Success (CHANGES)*, offers a life skills curriculum to prepare offenders for release. CHANGES includes lessons targeting personal development, health relationships, living responsibly, drug education, health, putting together a new start and going home.

For offenders with a GED or high school diploma, academic and vocational post-secondary educational opportunities are available through the department of Continuing Education which contracts with community colleges and universities.

Continuing Education has numerous programs to serve needs of offenders. Associate (two year) and Baccalaureate (four year) degrees are awarded upon completion of degree requirements. A certificate of completion is awarded after satisfactory completion of a vocational program. College credit may be awarded for vocational courses.

In order to participate in a college academic or vocational program, eligibility requirements set by the WSD, the TDCJ, the Texas Higher Education Coordinating Board and admission and registration requirements of the college must be met by all students. College expenses utilizing state funds must be repaid by the offender upon release as a condition of parole.

Those offenders who do not qualify for state funds must pay college expenses at registration or qualify for grant funding. The Incarcerated Individuals Program (IIP) Grant is not required to be repaid. The IIP Grant replaced the Youthful Offender Grant on October 1, 2009, restricting offenders with certain offenses and increasing eligibility to include offenders less than 36 years of age and within seven years of the initial parole date. An offender who is assigned to a unit that does not offer the college academic program for which he qualifies may contact the current unit education staff to request a transfer to a unit that does offer the program. The TDCJ State Classification Committee (SCC) will make all decisions on unit assignments.

WSD strives to offer a comprehensive guidance program that assists the offender with vocational assessment and career guidance. WSD is committed to providing a positive environment where offenders can improve their educational achievement. By taking advantage of the academic, life skills and vocational educational opportunities offered by WSD, offenders are better prepared to successfully reintegrate back into society.

JOB TRAINING

In addition to the programs offered through Windham School District, job training is available to offenders who work in the various operations of TDCJ.

The mission of the **Manufacturing and Logistics Division** is to benefit the State of Texas by providing quality service in warehousing operations, freight transportation, the management of TDCJ vehicles and by providing quality manufactured products and services to TDCJ, other state agencies and political subdivisions, while affording reentry opportunities for incarcerated offenders.

The objective is to provide work program participants with marketable job skills through coordinated programs of job skills training, documentation of work history, access to resources provided by Project RIO and the Texas Workforce Commission (TWC) and to share with the TWC information regarding offender participation in the Work Against Recidivism (WAR) Program.

To optimize certified training programs, the Manufacturing and Logistics Division partners with the Windham School District and other TDCJ divisions. Nationally accredited certification programs are available to eligible offenders such as A+, Network +, Braille transcription at both entry and advanced levels, GEOMedia Professional, Environmental Protection Agency (EPA) 608 and 609, American Welding Society (AWS) and the National Institute for Automotive Service Excellence (ASE).

The **Agribusiness, Land and Minerals Department** operates farms and ranches throughout the state to produce as much of the food and fiber requirements of the TDCJ as possible. Offenders have the opportunity to participate in these programs and learn marketable job skills.

Offenders learn animal husbandry through participation in cattle, swine, poultry, horse or dog programs. They can gain experience in farming and equipment operation by participating in the field and/or edible crop programs and in mechanical skills in the farm shops. Offenders can also learn warehousing and plant operation skills by working in the food processing plants, cotton gins, feed mills or in the local food bank programs. Formal training and/or certification is available through many of these jobs.

The **Facilities Division** utilizes offenders in construction and building maintenance.

The most commonly utilized trades are electrician; heating, ventilation and air conditioning mechanic; plumbing; painting; construction equipment operator; concrete finishing; and carpentry.

RELIGION

The religious needs of offenders are addressed by trained clergy who provide ministerial care to the entire criminal justice community. They encourage offenders to stay in touch with their particular faith by offering pastoral counsel and guidance. Jewish, Muslim, Catholic, Christian Non-Roman Catholic and Native American faiths are represented. Other religions may be served by faith group volunteers.

The schedule of religious programs and events is posted on unit bulletin boards and in the chaplain's office. Offenders who are unable to attend scheduled religious services because of illness or disciplinary reasons are visited on a regular basis by unit chaplains, certified volunteer chaplain assistants or approved volunteers.

Family members who experience an emergency crisis (death, hospice care and other such personal matters) can contact the unit chaplain, who in turn will advise the offender of the situation. Other inquiries should be addressed to the warden.

Faith-based dorms were implemented in January 2003 and have expanded to 26 facilities, with additional dorms in the planning stages. The faith-based dorms offer support and accountability, along with an intensive faith-based curriculum and mentoring programs. The programming is conducted by local faith-based community volunteers whose activities are directed by the unit chaplain and unit administration.

PROGRAMS AND TREATMENT

Through the Rehabilitation Programs Division, eligible offenders may be provided treatment during incarceration for addiction to or abuse of substances or alcohol. The Substance Abuse Treatment Program provides evidence-based treatment services appropriate to the needs of the offenders to facilitate positive change; and to provide accountability for programming by using assessment tools specifically developed for this population, all of which leads to reducing recidivism and improving public safety.

Additionally, certain sex offenders may participate in designated sex offender treatment and/or sex offender educational programming. The primary goal of the program is to reduce the rate of re-offense and move the participant toward a more pro-social lifestyle. It is the policy of this program to provide meaningful sex offender evaluation, education and treatment to all incarcerated sex offenders in TDCJ who are program eligible.

Other programs, which are also cognitive-based, include the Serious and Violent Offender Reentry Initiative (SVORI) for eligible male administrative segregation offenders who are within two years of release; the faith-based InnerChange Freedom Initiative for male offenders; the Courage Program for Youthful Offenders for offenders under the age of 18; and the Gang Renouncement and Disassociation (GRAD) process for male offenders who work toward reentering the prison general population.

The Baby and Mother Bonding Initiative (BAMBI) partners TDCJ divisions, other state agencies and the Santa Maria Hostel, Inc. to provide child development education and training for new offender mothers in a residential setting. The program gives state jail offenders, who meet eligibility criteria, and their newborns the opportunity to form a healthy attachment in a secure setting.

HEALTH

The Texas Department of Criminal Justice medical, dental and mental health care is provided to the offenders by the University of Texas Medical Branch (UTMB) in the northern, eastern and southern portions of the state; by Texas Tech University Health Sciences Center (TTHSC) in the western portion of the state; and by private corporations using a managed health care system. Primary care is provided at all units, where sick call is held at least five days per week.

When needed, a full range of specialty consultations is available, and hospital services are provided by either the TDCJ Hospital Galveston, the Montford Unit in Lubbock or local hospitals. Offenders who are placed on the Seriously/Critically Ill List by a licensed physician, to include offenders listed as non-ambulatory, are allowed to receive visitors in the unit infirmary or medical department at the warden's discretion with the presiding physician's medical consensus. The presiding physician shall make the determination regarding the offender's ability to receive visitors. The warden may provide alternate means for visiting these offenders on a case-by-case basis (ie., scheduling a visit during the week by special arrangement). If the offender is in a free-world hospital, visitation usually does not take place. However, in exceptional circumstances, family visitation may take place as considered appropriate by the warden, chaplain and free-world hospital administration. Factors taken into consideration shall include the seriousness of the illness (as determined by the presiding physician), security needs and the hospital's physical structure or location.

If the offender is in Hospital Galveston, seriously or critically ill offenders are allowed visits seven days a week. The determination of whether an offender is seriously or critically ill is determined by the presiding physician.

If the offender is in hospice care, all visits shall be coordinated through the Chaplaincy Department and shall meet the approval of the warden (or designee) and unit medical staff. Visitation may occur seven days a week, generally between the hours of 8:00 a.m. and 5:00 p.m. The warden shall have final authority over visitation within the Hospice Program.

Inpatient and outpatient mental health treatment programs are provided for offenders with mental health needs. Special programs are also available for physically handicapped and mentally retarded offenders.

The Patient Liaison Family/Public Hotline number, 936-437-4271, is available for family members and the public to inquire about an incarcerated offender's health care.

When medical information of any kind is requested regarding an offender's health, a release form signed by the offender is required. The "Authorization for Use and Disclosure of Protected Health Information" (PHI) form is obtained by contacting the Patient Liaison office at 936-437-4271. That office will complete the form and obtain the offender's signature. The PHI form allows TDCJ - Health Services and the Correctional Managed Health Care staff of both universities to release protected health information.

If an offender is a patient in Hospital Galveston, a PHI form is also required. Family members may call the "Family Calls Only Hotline" at 409-772-6131 for assistance.

RECREATION

Offenders are afforded opportunities to engage in non-programmatic and programmatic recreation activities.

Non-programmatic recreation activities may include:

- Television viewing
- Dayroom games such as chess, checkers and dominoes
- Team sports including basketball, softball and volleyball
- Individual sports such as table tennis, handball, horseshoes and weightlifting
- Basic in-cell craft activities

Programmatic recreation activities may include:

- Intramural games
- Tournaments and league play
- Craft shop participation, where available

Facilities and equipment for these activities are provided and maintained by TDCJ and the staff assigned to recreation oversight.

NON-MEDICAL EMERGENCY ABSENCES

A non-medical emergency absence is a privilege granted to an offender who demonstrates trustworthiness and industriousness, and who is considered by TDCJ to be an acceptable security risk for temporary release under escort for a particular period allowed by law.

Granting a request for a non-medical emergency absence is a discretionary decision made by TDCJ with public safety being the prime consideration. The offender absent on emergency leave under escort is considered to be in the custody of TDCJ and the offender must be under constant physical guard while absent.

Non-medical emergency absences may be granted to approved offenders for attending the funeral of an immediate family member, visiting a funeral home to view a deceased immediate family member or visiting a critically ill immediate family member.

An immediate family member is defined as the offender's parents, spouse, siblings, half-siblings and children. Surrogate parents are included if the relationship of the surrogate to the offender is verifiable from established TDCJ files.

Offenders normally will not be approved for a non-medical emergency absence unless they meet strict guidelines. These guidelines include being at least Line Class 1, G3 custody with no major disciplinary penalties during the last six months, no disciplinary history of assaults on staff, within 12 months of parole eligibility, in TDCJ custody for six months and having no unresolved pending felony or U.S. Immigration detainer.

Additionally, the offender must not have been incarcerated in or sentenced to an adult correctional unit for committing, soliciting, attempting, conspiring or aiding others to commit, solicit, attempt, conspire to commit certain offenses to include:

- a. Homicide, (Capital Murder; Murder; Voluntary Manslaughter; or any other homicide offense)
- b. Kidnapping, (Aggravated Kidnapping; Kidnapping; False Imprisonment; or any other kidnapping offense)
- c. Sex Offense, (Rape; Sexual Assault; Sexual Abuse; Aggravated Rape; Aggravated Sexual Abuse; or any other sexual assault offense to include Indecency with a Child)
- d. Robbery, (Robbery; Aggravated Robbery; or any other robbery offense)
- e. Assault, (Assault; Aggravated Assault; Injury to a Child; Injury to an Elderly Person; or any other assault offense)
- f. Escape, (Any escape offense from an adult correctional facility)

g. Any offense in which the offender used or exhibited a deadly weapon during the commission of the offense or during the immediate flight therefrom and where an affirmative finding on use of a deadly weapon was made by the trial court or jury.

h. Stalking

State Jail offenders must be at least J2 custody. Offenders must have been in TDCJ custody for six months or for one-third of their sentence, whichever comes first.

All emergency absences are granted under TDCJ escort and must be completed within 24 hours of departing the unit. Emergency absences requiring an overnight stay may not be granted and no out-of-state emergency absences will be granted. An offender may be released on emergency absence two times during a 12-month period.

Emergency absence requests should be directed by the attending physician or funeral home director to Classification and Records via FAX at 936-437-8721.

1 GOOD CONDUCT TIME

Many offenders may shorten their prison stay by earning time credit for good behavior and by participation in work and other programs. This privilege is not available to State Jail offenders (*Article 42.12, Section 15 (h) (l), Code of Criminal Justice*). Effective September 1, 2009, accumulated good conduct time credit shall be forfeited, suspended and reinstated in accordance with TDCJ policy and proper approval. Any good conduct time suspended for this reason may be reinstated after 12 months if the offender meets the required criteria.

The two principal time-earning categories, state approved trusty and line class, each have different time-earning levels with a specific number of days that can be earned for each month actually served. Besides behavior in prison, the amount of good time that can be earned is also affected by the circumstances of the offense of conviction as determined by the sentencing court and by the State laws relevant to good conduct time that were in effect when the offense was committed.

Good conduct time may apply to an offender's prison confinement in terms of eligibility for release to parole or mandatory supervision. For certain offenders serving sentences for assaultive offenses, good conduct time is not used to calculate parole eligibility.

More information about custody designations and time-earning status is available in the *Offender Orientation Handbook* located on the agency web site at www.tdcj.state.tx.us.

DISCIPLINE

All offenders are required to obey the rules established by TDCJ and by the unit to which they are assigned. Offenders receive information concerning rules soon after they arrive.

Depending on the degree of seriousness, violations of rules may be handled informally by counseling and verbal reprimand, or formally through disciplinary hearings.

Hearings are classified as major or minor, based on the seriousness and frequency of rule violations. In a minor hearing, a finding of guilt can result in punishment ranging from extra duty, restriction to living quarters, suspension of recreation, restriction from making commissary purchases and contact visitation. Under a major hearing, the available penalties include solitary confinement, loss of accumulated good conduct time and/or demotion in time-earning class (except for state jail offenders, who earn no good conduct time).

A state jail offender involved in a disciplinary hearing may receive any penalty categorized as minor, or as major for the state jails. However, a state jail offender may be provided with a major hearing if assessment of monetary damages is imposed due to destruction of state property. Disciplinary hearings for offenders sentenced to prison, but assigned in transfer status to a state jail, shall be conducted in accordance with the grade assigned to the disciplinary report and under the applicable minor or major hearing procedure.

Trained personnel, called counsel substitutes, are assigned to units to represent offenders at major hearings who are charged with disciplinary violations. Offenders shall be provided with counsel substitutes prior to a major hearing when the following requirements are met.

(Note: This requirement does not apply to state jail offender disciplinary hearings, except when state jail offenders are brought before major hearings for assessment of monetary damages for destruction of state property.):

- a. When the offender is developmentally disabled;
- b. When the offender is assigned to a psychiatric inpatient facility, or has been placed on an outpatient caseload;
- c. When the offender's literacy or understanding of English is questionable;
- d. When the offender, because of the complexity of the issue, would be unlikely to be able to collect and present the evidence necessary for an adequate comprehension of the case;
- e. When the offender is confined to any form of segregation pending the hearing; and,
- f. When a witness requested by the accused offender is unable to attend a disciplinary hearing because the requested witness or the accused offender has been transferred to another unit.

 **GRIEVANCES**

The TDCJ Offender Grievance Program provides offenders with a formal procedure for presenting written complaints on matters relating to their confinement. All offenders, regardless of custody or disciplinary status are entitled to utilize the grievance procedure. When a concern arises, offenders are required to attempt to resolve the issue informally before submitting a grievance. If informal resolution is not successful, a grievance form and instructions for completing the form may be obtained from any staff member or from the unit law library. Each unit has a Unit Grievance Investigator (UGI) who is responsible for, not only processing and resolving offender complaints, but also assisting offenders who need assistance using the grievance process.

The UGI works closely with the warden and other department heads to consider offender input derived from grievances when addressing concerns on the unit. If an offender is not satisfied with the response to a grievance, he may appeal the decisions to the Central Grievance Office in Huntsville, Texas. Central administration and regional directors, as well as many other departmental specialists, are available to review the appeal and take additional corrective action, if necessary.

Protecting offenders' rights to file grievances and promoting problem solving at all levels is very important to TDCJ. It is a violation of policy to subject any offender to harassment, retaliation or reprisal for using the grievance procedure.

**PREA OMBUDSMAN**

The Texas Department of Criminal Justice has a "Zero-Tolerance" policy concerning the detection, prevention and punishment for sexual abuse, including consensual sexual contact, of offenders in the custody of the department.

The Prison Rape Elimination Act (PREA) Ombudsman was established by the 80th Legislature in 2007 (Texas Government Code, Section 501, subchapter F), and is appointed by the Texas Board of Criminal Justice (TBCJ).

The PREA Ombudsman was created to provide offenders, as well as the public, an independent office to report sexual assaults. In 2008, the TBCJ hired the current PREA Ombudsman and established the PREA Ombudsman Office.

The primary responsibilities of the PREA Ombudsman Office are to:

- ◆ Monitor the agency's efforts to eliminate the occurrence of sexual assaults in correctional facilities;
- ◆ Review the agency's policies and procedures to ensure they are in compliance with federal and state laws and standards (currently under review are the proposed national standards submitted to the United States Attorney General by the National Prison Rape Elimination Commission); and
- ◆ Respond to public inquiries related to allegations of sexual assault in TDCJ correctional facilities.

HOW TO CONTACT THE PREA OMBUDSMAN

(Please submit inquiries in writing)

Due to the serious nature of sexual assaults, anyone knowledgeable of an offender-on-offender or staff-on-offender sexual assault that occurs within a TDCJ correctional facility is encouraged to immediately report the allegation.

LEGAL ASSISTANCE

State Counsel for Offenders (SCFO) is the division responsible for providing limited legal services to offenders who cannot afford to hire outside counsel. SCFO cannot help offenders with civil rights issues, TDCJ policy or procedure issues, fee-generating cases and various other legal areas depending upon the circumstances. SCFO attorneys provide legal aid to offenders in the following areas:

- ◆ ***Trials:*** SCFO represents indigent offenders indicted for felonies allegedly committed while the offender is confined within TDCJ.
- ◆ ***Appeals:*** SCFO may represent indigent offenders in the appeal of convictions of the above trial cases. SCFO may also represent indigent offenders in writ areas arising from those trials and/or convictions.
- ◆ ***Civil Commitment:*** SCFO represents indigent sex offenders targeted for civil commitment under the Sexually Violent Predator statute.
- ◆ ***Immigration:*** SCFO is available to answer any questions regarding immigration law and to assist offenders who are scheduled for immigration court procedures.
- ◆ ***General Legal:*** SCFO assists indigent offenders with questions about many different issues, for example:
 - ◆ Convictions after the appeal process is complete,
 - ◆ Writs of habeas corpus,
 - ◆ Parole and mandatory supervision eligibility issues,
 - ◆ Shock probation,
 - ◆ Pending charges and detainers (another agency's hold on an offender prior to release),
 - ◆ Jail time credit awarded to an offender and information regarding other time credit calculations,

- ◆ Family Law, including offenders' questions about child custody cases, child support, parental termination proceedings and probate matters.

Offenders can obtain assistance by writing to State Counsel for Offenders through the prison mail system. Prior to writing, offenders are encouraged to consult SCFO's *Legal Handbook*. A copy of the Legal Handbook is available at all unit libraries.

The Access to Courts Program ensures that offenders, who are assigned to correctional institutions operated, managed or monitored by TDCJ, are provided their constitutional right of access to courts, counsel and public officials, and that access is "adequate, effective and meaningful" as required by state and federal law. Officers, employees or agents of TDCJ shall not obstruct, harass, punish or otherwise penalize any offender for seeking or gaining access to the courts.

Unit law libraries are composed of many publications, including court forms, digests, treatises, federal and state case law, as well as various statutes and codes. In addition, each law library contains instructional and/or help publications on how to use this material.

Offenders are allowed to utilize these facilities and resources for legal purposes such as to challenge their criminal convictions, or the conditions of their confinement. An Access to Courts supervisor is available on each unit to respond to offender inquiries regarding the use of court forms and legal research material maintained in the unit's law library.

REENTRY AND INTEGRATION

The Reentry and Integration Division (RID) assists offenders and their families in preparing for the individual's eventual return to the community.

The RID provides a number of programs and services including: continuity of care for offenders with medical, psychiatric or physical disabilities; assistance in obtaining identification documents, such as birth certificates, social security cards; and workforce development through Project Re-Integration for Offenders (RIO).

Project RIO provides a link between education, vocational training and employment during incarceration and after release.

RID has established a toll-free number, **1-877-887-6151**, for family, friends or the general public to call on issues related to pre-release and post-release reentry services.

Additional information can be obtained regarding offender family support groups and organizations, other applicable state agencies, visitor day centers and hospitality houses providing overnight accommodations near certain units by contacting RID staff at **1-877-887-6151**.

Other helpful numbers include:

RELEASE

When the time for release from prison draws near, the offender who is eligible for parole, is interviewed by the institutional parole officer to determine residence and employment plans. Offenders with special medical or mental health needs receive information from a field services representative about medication and other relevant aftercare plans.

Most offenders are released from regional release sites, releasing them closer to their county of conviction, residence or approved release county. All male offenders with a detainer, classified as sex offenders, have special conditions of Super Intensive Supervision Program (SISP) or Electronic Monitoring imposed by the Board of Pardons and Paroles are released from the Huntsville Unit. Female offenders are released from Gatesville. Releases from all facilities occur between 8:00 a.m. and 5:00 p.m. on Monday through Friday, excluding holidays.

Each offender is given a set of civilian clothing and a bus voucher, in addition to the remaining balance in the individual's trust fund account. Offenders released to parole or mandatory supervision receive a \$50.00 gate check and will receive another \$50.00 check upon reporting to their parole officer. Offenders that complete their sentence in the Correctional Institutions Division (flat discharge) receive a \$100.00 gate check when released.

State Jail offenders are released from the unit in which they are incarcerated, or given a bus voucher to the county of residence. State Jail offenders **do not** receive money upon release (*Texas Government Code, Section 501.015 (b)*).

PAROLE

The Parole Division supervises offenders released from prison who are serving out their sentences in Texas communities. The division also performs some pre-release functions by tracking parole eligible cases and submitting them for timely consideration to the Board of Pardons and Paroles. In addition, the division supervises offenders in two pre-release programs: the Pre-Parole Transfer Program and the Work Program. These offenders remain in secure facilities, but are able to participate in special programs.

The Parole Division does not make release decisions, nor does it decide whose parole should be revoked or what special conditions should be placed on releasees. Authority for those decisions rests with the Board of Pardons and Paroles, but the division works closely with the board and provides board members with the documentation needed to make informed decisions. When the time for release from prison draws near, the offender who is eligible for parole, is interviewed by the institutional parole officer to determine residence and employment plans. The district parole officer then investigates the proposed plan. Offenders with special medical or mental health needs receive information from a field services representative about medication and other relevant aftercare plans.

Offenders supervised by the Parole Division, due to board imposed conditions/sanctions or lack of residential plans, may be temporarily housed in privately operated secure facilities. The following contracted facilities are utilized by the division to provide secure and responsible supervision of offenders: Intermediate Sanction Facilities (ISF), Halfway Houses (HWH) Substance Abuse residential treatment facilities and the County Jail Work Release Program.
